Subject: RE: Request for Cost Estimate for FOIA RE: EPA review and action on Spokane Tribes 2010 human health criteria

Hi Kathleen,

Sorry! I meant to email you yesterday but I was swamped. So, Nancy thinks that she'd probably have information related to just one briefing and the only hardcopies that she could potentially have would be her notes and the printouts from that briefing.

So, I'd estimate that it would take about 40 minutes to search through her emails and the potential number of pages- I'm not sure. I guess a rough estimate would be 10-12 pages.

Hope that this helps. Please let me know if you need more information.

Thanks!
Nizanna

Hi Nirzanna,

Were you able to get an estimate of the number of hours to search document? And number of pages? I need that today, thanks so much

Subject: Request for Cost Estimate for FOIA RE: EPA review and action on Spokane Tribes 2010 human health criteria

Good Afternoon Everyone,

Region 10 has received a FOIA request from Tupper Mack Wells on behalf of the City of Coeur D'Alene, Idaho (FOIA case number EPA Region-10-2014-001450). This FOIA request involves documents related to new and revised human health criteria in the Spokane Tribe's 2010 water quality standards revision.

You are receiving this email because you have been identified as potentially having records responsive to this FOIA request. You will soon receive a FOIAonline task assignment to access the case file.

In a January 15, 2014 email the requester clarified his FOIA request to the following:

All documents, including correspondence, studies, reports, meeting minutes, and notes created from January 1, 2007, through December 23, 2013, that pertain to EPA's review and approval or disapproval of the Spokane Tribe of Indian's 2010 new or revised human health water quality criteria. The scope of this FOIA request includes exempt documents (such as internal deliberative or attorney client privilege) and, therefore, a withholding log of any withheld documents will need to be created.

Before we process this request, we will need to provide the requester with an estimate of the cost to produce records. Please reply back to this email by Monday January 27th with your best estimate on the amount of time it may take you to search your files for responsive records and an estimate of the number of records/pages. It is not necessary to conduct a search/review of records at this time, we only need an estimate from you on the amount of time it will take to conduct a records search and approximate number of pages.

We will follow up with Tupper Mack for an assurance of payment. Once an assurance of payment is received from Tupper Mack, we will provide you with next step instructions for processing this FOIA case. Feel free to contact me if you have questions...Thanks
